(Dr. Clark is an expert in his knowledge in foreign educational systems and has consulted with prestige clients such as Paramount Pictures, Warner Brothers, Sea-Launch Boeing and has also had articles published in Globe magazine, Long Beach Press Telegram and Educorps Career College)

“**David Pettican** was a member of the playing staff when I was head coach of Portsmouth Football Club (EPL) 1987-1990. He has always shown great enthusiasm for the game and was always willing to learn. David has developed those skills into becoming a very competent advanced coach at all levels. This was reflected when he coached at the Portsmouth FC Academy and Centre of Excellence. His training attributes are advanced, developmental and necessary for players to progress in the modern day game.”

~Alan Ball, Everton FC and England

- World Cup Winner England 1966
- Head Coach English Premiership (EPL): Portsmouth FC / Manchester City FC / Southampton FC
- England National Team Coach

“**David** has vast knowledge and experience in developing training programs and structured training methods that are specifically designed to develop players and teams. His theory’s and techniques are modern, vibrant and fun.”

~Darren Anderton
Tottenham FC & England

“Having known **David** for many years and played with him at Portsmouth Football Club, I had the opportunity to coach with him on the B.E.S.T. U.S. Goalkeeping Camps and experienced

first-hand the unique training program that B.E.S.T. offers both keepers and field players. Each individual is tested, trained, and developed to the highest standard.”

~Alan Knight
Portsmouth FC & England
(801 Professional EPL Games)

“**David** utilizes many modern day European Training methods that make it easy for all players to take their game to the next level. His program highlights the type of player Dave was - Technique and Development.”

~Darryl Powell
Portsmouth FC, Colorado & Jamaica

“**David** had developed an impressive youth training program that appeals to all ages. It is a player development structured program which he caps off by teaching in a fun and educational environment.”
